La fusione in terra dell'ottone è un'arte antica, che ancora oggi sa emozionare. La pressofusione crea oggetti di eccellenza e di altissima qualità sinonimi di lusso ed eleganza esclusivamente made in Italy. Fondiamo metallo trasformando l'idea di architetti e designer in oggetti esclusivi, dal prototipo allo stampo, al prodotto finito.

Brass sand casting is an ancient art, which still continues to excite. Casting creates objects of excellence and of the highest quality, demonstrating luxury and elegance exclusively made in Italy. We base metal transformation on the ideas of exclusive product architects and designers, from the prototype, to the mould, to the finished product.

Литье латуни «в землю» - это античное искусство, которое и сегодня способно вызывать эмоции. Литье создает предметы высокого качества с особым благородным шармом, присущим роскошным интерьерам, сделанным исключительно в Италии. Мы плавим металл, трансформируя идею архитектора и дизайнера в эксклюзивные предметы: от прототипа - к штампу - до законченного продукта
