LA NOSTRA STORIA: INNOVATIVI PER TRADIZIONE OUR STORY: INNOVATIVE BY TRADITION

All'interno del gruppo di aziende fondate a partire dal 1968 da Giovanni Colamedici a Civita Castellana, nel distretto ceramico viterbese, AXA svolge un ruolo strategico nella produzione di lavabi e sanitari in ceramica che completano l'offerta Colavene interpretando il "total bagno". Una filosofia che esprime l'unione virtuosa tra ricerca tecnologica e saper fare artigianale, espressione di uno dei territori più rappresentativi della manifattura Made in Italy. Fu Giovanni Colamedici di fatto ad inventare i mobili per lavanderia, con Colavene, e fu nel 1995 quando fondò con estrema passione per l'innovazione e per il proprio lavoro AXA: oggi una autentica realtà familiare incentrata sui valori dell'etica e del tipico saper fare italiano, sempre alla ricerca di soluzioni che rispondano alle esigenze dell'abitare contemporaneo, che ha trasformato la stanza da bagno da spazio di servizio a vero e proprio luogo da vivere. Dal pensiero nasce l'idea, sempre carica di originalità e tradizione, che si materializza in oggetto e diviene design quando supera i limiti temporali per rivelarsi in un'eleganza senza tempo. Mani esperte e consolidate tecnologie uniscono terra, acqua, aria e fuoco in un processo complesso che, con sensibilità per la forma e desiderio di innovazione, si appaga pienamente solo con la creazione di prodotti unici.

Within the group of companies founded since 1968 by Giovanni Colamedici in Civita Castellana, in the ceramic district of Viterbo, AXA plays a strategic role in the production of ceramic washbasins and sanitary ware completing Colavene's offerings, interpreting the "total bathroom" concept. A philosophy that embodies the virtuous union between technological research and craftsmanship, expressing one of the most representative areas of Made in Italy manufacturing. It was Giovanni Colamedici who effectively invented laundry furniture with Colavene brand, and it was in 1995 when he founded AXA with extreme passion for innovation and dedication to his work. Set up by passion for its work in 1995, AXA is an authentic family business focused on values of ethics and typical Italian artisanship, always looking for solutions able to meet the needs of contemporary living, which has transformed the bathroom from a service space to an authentic place to live. From a thought comes the idea, invariably full of originality and tradition, which appears into an object and becomes design when it exceeds the time limits to reveal itself with timeless elegance. Expert hands and consolidated technologies combine soil, water, air and fire in a complex process that, with sensitivity for shape and desire for innovation, is fully satisfied only with the creation of unique products.

SOSTENIBILITÀ SUSTAINABILITY

La missione che guida AXA è quella di trasformare il bagno in un'oasi di benessere, con un impegno senza compromessi verso la sostenibilità. La sostenibilità, già sottesa all'essenza della ceramica che proviene da materie prime naturali (argille, feldspati, caolini) trasformate in prodotti duraturi e riciclabili, accompagna AXA come sfida permanente nel tentativo di ridurre il più possibile l'impatto sul pianeta, sia nel creare i manufatti che nell'indirizzare gli utenti ad un acquisto sostenibile. Ne seguono come linee guida la necessità di minimizzare l'uso di energia e massimizzare il riciclo delle acque di produzione, di ricercare un design senza tempo che garantisca longevità al prodotto, e di sviluppare tecnologie orientate al risparmio idrico; principi che hanno portato alla realizzazione di un sistema circolare di recupero degli scarti e dell'acqua utilizzata all'interno del processo produttivo, all'introduzione di tecnologie di scarico avanzato ad alto risparmio idrico, alla rimozione della brida per limitare il consumo di detersivi (facilitando la pulizia), e che continuano a stimolare le attività di ricerca e sviluppo nella consapevolezza che la salvaguardia della natura sia il nostro unico futuro. Guidata dall'intento di adottare una prospettiva ambientale concreta in tutte le attività e processi aziendali, dalla necessità di compiere scelte informate e consapevoli, nonché di garantire massima trasparenza verso gli stakeholder, AXA ha intrapreso il percorso per ottenere la dichiarazione ambientale di prodotto (Environmental Product Declaration), documento atto a fornire informazioni sulle prestazioni e gli impatti ambientali di ogni articolo.

AXA mission is to transform the bathroom into an oasis of well-being, with an uncompromising commitment to sustainability. Sustainability, that is already behind the essence of ceramics, coming from natural raw materials (clays, feldspar, kaolins) changed into durable and recyclable products, accompanies AXA as a permanent challenge in an attempt to reduce as much as possible the impact on the planet, either by creating the items or by directing users to a sustainable purchase. That leads to guidelines like a need to minimize the use of energy and maximize the recycling of production water, to seek a timeless design that guarantees product longevity, and to develop technologies aimed at saving water; those principles have brought to the creation of a circular system for the recovery of waste and water, to the introduction of advanced water-saving drainage technologies, to the removal of the rim to limit the consumption of detergents (easy cleaning), and they continue to stimulate research and development activities in the awareness that preserving the nature is our only future. Guided by the intent to adopt a concrete environmental perspective in all business activities and processes, driven by the need to make informed and conscious choices, and to ensure maximum transparency towards stakeholders, AXA has embarked on the journey to obtain the Environmental Product Declaration (EPD). This document is designed to assess and provide information on the environmental impact of processes and products during their entire life cycle.

COLORI COLORS

Nei colori della terra e della sabbia, nel grigio dell'argilla, nel nero della roccia e nel rosso infuocato di un tramonto si celano i segreti di un amore antico per la ceramica. Ogni colore AXA parla di natura, ogni tonalità racconta una promessa.

In the colours of earth and sand, in the grey of clay, in the black of rock, and in the fiery red of a sunset, the secrets of an ancient love for ceramic lie hidden. Each AXA color tells a story about nature, each shade tells a promise.

COLORI_ES-SENZA COLORS_ES-SENZA

Un'idea che esalta l'Es-senza della materia. La nuova finitura Es-senza per i lavabi AXA elimina lo smalto e il colore e aggiunge il vetro, per dare voce alle qualità invisibili della materia ceramica: la solidità della terra, la luce e la brillantezza del vetro.

An idea that goes to the essence of the ceramic material. The new Es-Senza finish for AXA washbasins eliminates enamel and colour and adds glass to exalt the ceramic's invisible qualities: the solidity of earth, the light and brilliance of glass.

30
Es-Senza

Ottima resistenza a sostanze macchianti, riduce la formazione del calcare.

Excellent resistance to staining substances, reduces hard water deposits.

Ottima pulibilità.
Extremely easy to clean.

Alta resistenza ad agenti chimici aggressivi.
High resistance to aggressive chemical agents.

NORIM®

Il sistema NORIM®, senza brida, garantisce la distribuzione uniforme dell'acqua sull'intera superficie del wc senza spruzzi, facilitando la pulizia, riducendo il consumo di detersivi e assicurando un sanitario performante nel tempo.

NORIM® technology, rimless, enable an uniform water distribution throughout the entire wc surface without any splashing, it makes the cleaning easy, reduces the consumption of detergents and grants a good performance over the time.

A-SOUND

A-NEW SOUND OF WATER

Un nuovo comfort: più silenziosità, igiene e attenzione al risparmio idrico. Sviluppato da AXA Ceramica, questo innovativo sistema di scarico silenzioso agisce attraverso un vortice d'acqua potente e preciso, accuratamente direzionato. Si riduce così la rumorosità, l'igiene è massima e basta meno acqua ad ogni scarico. A-Sound è il risultato di un percorso di ricerca continuo, per rendere i nostri prodotti sempre migliori.

A new comfort experience: more silence, hygiene, and water conservation. Developed by AXA Ceramica, this innovative silent drain system utilizes a powerful and precisely directed water vortex to reduce flushing noise, enhance hygiene, and minimize water consumption per flush. A-Sound is the result of an extensive research process aimed at continually improving our products.

Design Alessandro Paoletti

La massa ceramica si impone autoritaria e, sottraendo peso, rilascia leggerezza.

Ceramic stands out powerfully and, subtracting weight, releases lightness.

Design Giancarlo Angelelli

C'era una volta...
un pezzo di ceramica che all'atto di assumere la sua definitiva
forma ebbe un desiderio: non voleva essere un prodotto
pensato dall'uomo, ma un oggetto creato dalla natura.
Quale, pensò allora... ma certo: una conchiglia!

Once upon a time...
There was a piece of ceramic that, when close of assuming
its final shape, had the desire not to be a product thought
by man but an object created by nature.
Which object, he thought then... but sure a shell!

Skyland

Ceramic design Giancarlo Angelelli
Complements design Alessandro Paoletti

Cerchi concentrici o sottratti al quadrato, la leggerezza della ceramica che si contrappone alla solidità della materia, strutture metalliche che sostengono l'intero sistema.

Concentric circles or subtracted from the square, lightness of ceramic opposed to the solidity of the matter, metal structures that support the entire system.

Complementi per lavabi SKYLAND_Furnishings for SKYLAND basin

Eva

Design Alessandro Paoletti

Elegante. Vanitosa. Attraente.

Tre parole per definire la personalità della collezione EVA.

Il design essenziale e contemporaneo ben si affianca all'innovazione progettuale, per proporre la più avanzata delle scelte estetiche e funzionali, in versione sospesa e back to wall.

Con EVA, l'ambiente bagno trova una nuova, preziosa protagonista.

Elegant. Vain. Attractive.

Three words to define EVA collection's personality. Essential and modern design follows the design innovation, to propose the most contemporary aesthetic and functional choice, available wall hung and back to wall.

With EVA the bathroom finds a new, precious hero.

ALTEZZA +2 CM_HEIGHT +2 CM

Una piccola differenza di pochi centimetri permette un grande salto nell'ergonomia e nella comodità.

A slight difference of just few cm allows a jump in ergonomics and comfort.

PROFONDITÀ 55 CM_DEPTH 55 CM

La profondità corretta per il maggiore comfort, che è un requisito fondamentale nel bagno moderno.

A right depth for ideal comfort, which is a fundamental feature of the modern bathroom.

SCARICO TRASLATO_SHIFTED OUTLET

Nessun tubo a vista e installazione facilitata: la soluzione ideale in caso di ristrutturazione di bagni esistenti.

No visible hose and easy installation: the perfect solution to renovate existing bathrooms.

Eva A-sound

A-NEW SOUND OF WATER

I sanitari Eva montano l'innovativo sistema di scarico A-Sound, un'esclusiva sviluppata da AXA Ceramica. A-Sound si distingue per una sensibile riduzione della rumorosità, la massima igiene e un minor impiego di acqua ad ogni scarico. Più comfort per le persone, maggiore attenzione all'ambiente

The Eva sanitary wares feature the innovative A-Sound flushing system, an exclusive solution developed by AXA Ceramica. A-Sound is distinguished by a significant reduction in flushing noise, maximum hygiene, and reduced water consumption with each flush. A greater comfort for people, an higher attention to our environment.

Cosa

Ceramic design Giancarlo Angelelli
Complements design Alessandro Paoletti

Una parola indefinita e onnicomprensiva identifica una collezione dalla personalità precisa e inequivocabile, combinazione di forma rettangolare e angoli arrotondati.

An indefinite and comprehensive word identifies a collection with a precise personality, combination of rectangular shape and rounded corners.

Piano d'appoggio per lavabi_Top for basin

Radici

design Giancarlo Angelelli

La solidità della ceramica viene valorizzata da linee e geometrie morbide. L'alzata posteriore richiama il passato e guarda al futuro.

Solidity of ceramic is enhanced by lines and soft geometries. The splashback recalls the past and looks to the future.

Decus

Set 1

Set 2

Set 3

Decus

Design Giancarlo Angelelli

Decus = Decorazione.

Una fascia che corre lungo tutto il bordo del lavabo ne sottolinea lo spessore sottile e il bacino morbido e profondo.

Decus = Decoration.

A band running along the edge of the sink emphasizes its thin thickness and the soft and deep bowl.

DP

Design Giancarlo Angelelli
Complements design Alessandro Paoletti

L'originarietà e non solo l'originalità.
Un nome, Divina Proporzione, acronimo DP, che rappresenta un omaggio all'armonia proporzionale e al sapere progettuale.

Origin and not just originality.
A name, Divine Proportion, acronym DP, which represents a tribute to proportional harmony and design knowledge.

Design Massimiliano Cicconi

Il passato si impone prepotentemente al nostro presente, senza perdere nulla del suo fascino e con la capacità intatta di inserirsi negli ambienti più contemporanei.

The past imposes itself strongly on our present, without losing its glamour and ability of fitting into the most contemporary environments.

Ceramic.30

Comfort, eleganza e grande versatilità. Grazie allo spessore di soli 3 cm, il nuovo piatto doccia Ceramic.30 è installabile sia in appoggio che filo pavimento. La pregiata ceramica di cui è composto assicura un'ottima resistenza ai graffi e al calcare e rende possibile il taglio su misura a seconda delle esigenze.

Comfort, elegance and great versatility. Thanks to its ultra slim low-level design, with only 3cm high, the new Ceramic.30 shower tray is suitable for installation on top or flush with the floor. Its high-quality ceramic ensures excellent resistance to scratches and limescale and makes it possible to cut it to the required size.

Tagli su misura . Made to measure cuts

Versatilità totale, per adattarsi ad ogni spazio.
Total versatility, to suit to any space.

I bordi smaltati sui quattro lati garantiscono l'adattabilità in ogni tipologia di area doccia. Inoltre i piatti doccia Ceramic.30 sono riducibili e possono essere tagliati su misura, per adattarsi con facilità a qualsiasi progetto bagno.

The glaze edges on the 4 sides that provide adaptability in any type of shower tray area. The Ceramic.30 shower tray is reducible, it can be customized cut, to easily adapt to any bathroom project.
