DATA SHEET 90-105

*Milanobath creates spaces that are so much more than bathrooms. The design philosophy behind this Glass Design brand was to offer furniture in iconic material and style combinations, thereby forming a series of functional 'works of art'. The result is a vision of elegance and practicality, of contemporary design and unique versatility.*

*The collection is a tribute to Milan, undisputed design capital and the beating heart of creativity, research and innovation, whose soul merged with the great Tuscan tradition of art and artisanal craftsmanship is evident across every aspect of the range.*

*Milanobath compositions transcend the classic idea of vanity units by reflecting a certain character and ambience. In this way clients can formulate new trends by choosing combinations that mirror their individual taste, identity and lifestyle.*

*Each vanity can be teamed with not only the exquisite countertop basins that make up the Privileged Paths of Water collection but also Glass Design accessories, lights and mirrors to create a totally integrated look, one that is original both in finish and style.*

Più che una semplice stanza da bagno, una sala che diventa opera d'arte funzionale. Ecco cos'è Milanobath, brand Glass Design studiato per creare connessioni iconiche tra stile e materia. L'insieme è una sinfonia di eleganza e funzionalità, dal design contemporaneo e versatilità unica.

La collezione è un tributo a Milano, città internazionalmente riconosciuta come capitale del design, cuore pulsante di creatività, ricerca e innovazione, la cui anima si unisce alla grande tradizione dell'arte e dell'artigianato toscano in ognuno degli elementi d'arredo.

Le composizioni Milanobath superano la tradizionale concezione di mobili sottolavabo per diventare veri e propri living benessere. Nascono così nuove tendenze peculiari che esprimono la personalità di chi sceglie le nostre combinazioni d'arredo.

Ogni elemento della collezione, infatti, può essere abbinato a tutti i prestigiosi lavabi da appoggio Percorsi Privilegiati dell'Acqua, agli accessori, all'illuminazione e agli specchi delle linee Glass Design, per un effetto totalmente integrato, in un total match di materiali, finiture, funzionalità e stile che rendono unico il tuo bagno.

Gallery, la luxury line di MILANOBATH, rappresenta l'essenza eclettica di Glass Design.

Geometrie non convenzionali creano linee e forme dalla forte personalità, che incantano e catturano i sensi, valorizzando ogni complemento d'arredo. Un gioco di equilibri dinamici esalta i vari elementi verticali e orizzontali definiti da finiture di pregio, per una collezione in cui basi, lavabi, colonne, specchi e lampade dialogano armoniosamente. Una commistione di materiali eterogenei per caratteristiche meccaniche e sensoriali, perfettamente in armonia sia con contesti di design sia più tradizionali.

I mobili sono concepiti e creati per valorizzare e integrarsi perfettamente con tutta la linea di lavabi da appoggio Percorsi Privilegiati dell'Acqua e tracciare, con decisione ed eleganza, lo stile del bagno. Insoliti per combinazioni materiche e soluzioni funzionali, valorizzano grandi e piccoli ambienti, arrivando alla definizione di microcosmi estetico/funzionali che moltiplicano bellezza e unicità del bagno.

# GALLERY

*Gallery, the Milanobath luxury line, embodies the eclectic spirit of Glass Design.*

*Atypical geometries forming bold lines and shapes seek to capture and stimulate the senses, infusing every furniture piece with its own highly distinctive personality.*

*By reimagining proportions, the various design elements - vertical and horizontal - are highlighted, as are their fine finishes. Base-units, basins, columns, mirrors and lamps come together in total harmony and the blend and variety of materials used can suit all settings, be they high design or more traditional in flavour.*

*The range was conceived and created to provide a seamless and elegant design solution, to be further embellished by the addition of countertop basins from the Glass Design Privileged Paths of Water Collection.*

*Offering unique functionality and material combinations, it illustrates how stylish storage is just as achievable in compact settings as it is where space is in abundance.*

# GOTICO NATURALE

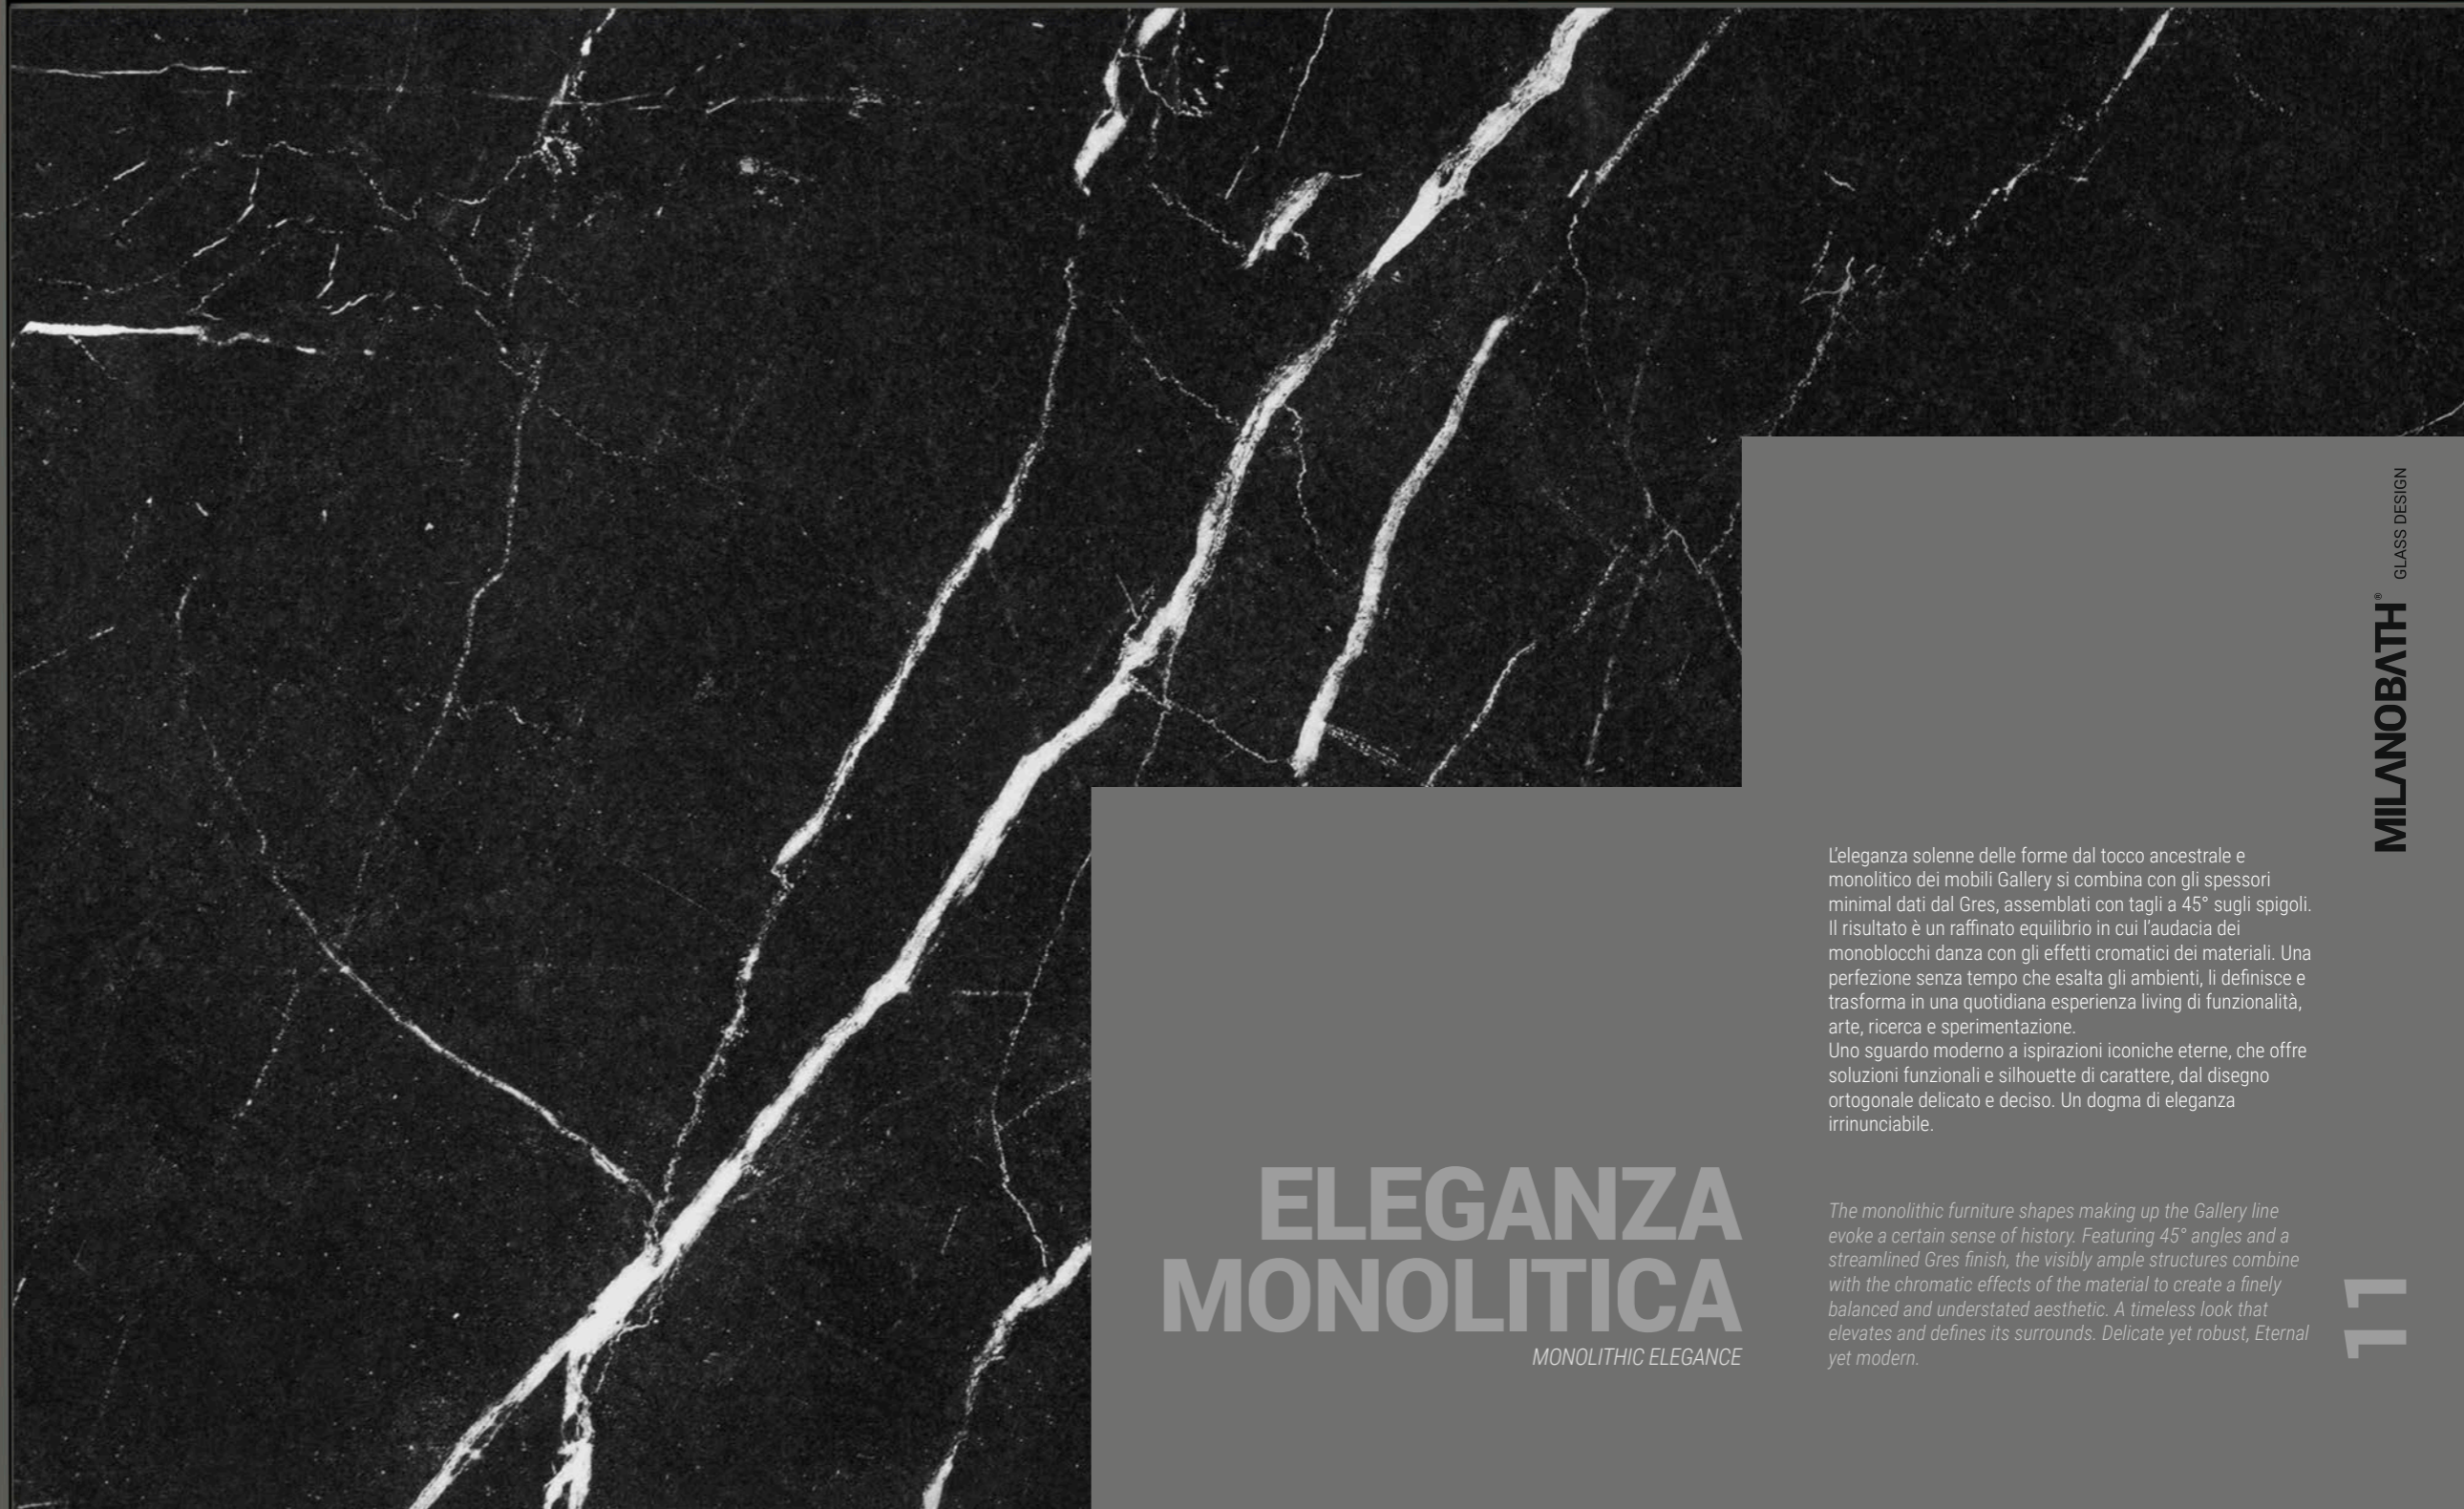

NATURAL GOTHIC

Un idillio tra l'essenza naturale ed esotica del bamboo, la solida eleganza titanica del metallo e l'eternità onirica del marmo, nelle declinazioni nette del bianco e del nero, paradigmi da sempre di raffinatezza. La Linea Gallery, pensata per giocare con gli opposti e combinarli in modo sorprendente, crea un nuovo linguaggio estetico che trasforma i contrasti netti in un'eleganza senza tempo.

Il bamboo, uno dei materiali più versatili della Terra, ha una forte valenza simbolica grazie alle sue caratteristiche di leggerezza e resistenza. Espressione di un concetto modern gothic, qui viene usato ispirandosi alla sua verticalità in natura, per decorazioni che esaltano le altezze, omaggiando idealmente alcune delle caratteristiche architettoniche del Gotico, che distribuisce il peso delle strutture su pilastri, in modo da creare pareti di luce.

*The perfect pairing of natural wood and exotic bamboo, the robust elegance of metal and the dreamlike quality of porcelain stone in black/white combinations: pure classic monochrome. The Gallery line, which plays with opposites and combines them in unexpected ways, creates a new aesthetic language that transforms clear contrasts into a timeless elegance.*

*Bamboo is one of Earth's most versatile materials as well as offering a strong symbolic value thanks to its properties of dynamism and resilience. The concept is one of modern gothic, taking its inspiration from bamboo's striking vertical growth with decoration that pays homage to Gothic architecture where structural weight is distributed across columns, effectively creating "walls of light".*

# ELEGANZA MONOLITICA

MONOLITHIC ELEGANCE

L'eleganza solenne delle forme dal tocco ancestrale e monolitico dei mobili Gallery si combina con gli spessori minimali dati dal Gres, assemblati con tagli a 45° sugli spigoli. Il risultato è un raffinato equilibrio in cui l'audacia dei monoblocchi danza con gli effetti cromatici dei materiali. Una perfezione senza tempo che esalta gli ambienti, li definisce e trasforma in una quotidiana esperienza living di funzionalità, arte, ricerca e sperimentazione. Uno sguardo moderno a ispirazioni iconiche eterne, che offre soluzioni funzionali e silhouette di carattere, dal disegno ortogonale delicato e deciso. Un dogma di eleganza irrinunciabile.

*The monolithic furniture shapes making up the Gallery line evoke a certain sense of history. Featuring 45° angles and a streamlined Gres finish, the visibly ample structures combine with the chromatic effects of the material to create a finely balanced and understated aesthetic. A timeless look that elevates and defines its surrounds. Delicate yet robust, Eternal yet modern.*

# EMOZIONI INCONSUETE

UNUSUAL EMOTIONS

La Linea Gallery utilizza materiali e finiture non convenzionali, andando oltre all'ordinario concetto di arredo bagno.

L'incastro perfetto tra bambù e metallo è un'insolita sinfonia materica e naturale, un accostamento audace di colori e materiali che genera innovativi effetti geometrici, tattili e sensoriali, esaltati dalla possibilità di combinare al mobile preziosi lavabi materici, sontuosi, funzionali.

Ma è la struttura del mobile in sé, ben prima di ogni combinazione e abbinamento che la esalterà, a stupire e incantare.

Combinazioni che amplificano l'effetto stupore e si inseriscono armonicamente in diversi contesti, grazie a finiture singolari.

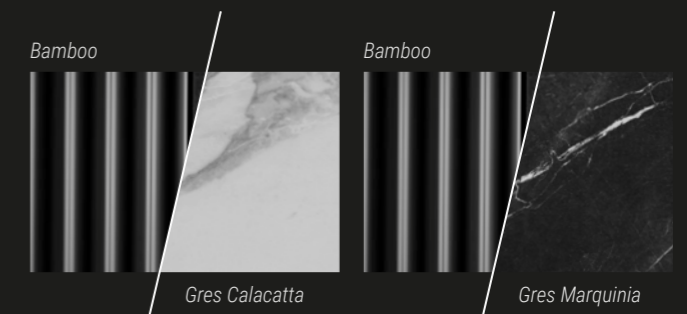

Stile unico che non passa inosservato, evocativo di un gusto identitario e indimenticabile che sa essere di ispirazione.

*Gallery goes beyond the everyday concept of bathroom furniture, by utilising distinctive blends of materials and finishes. The perfect union of natural bamboo and industrial metal, with their bold colour pairings, conjure up innovative tactile and visual sensations further heightened by the addition of countertop basins from the extensive Glass Design portfolio.*

*Indeed, the structure of the furniture alone provides something of a wow-factor. An inspiring and unimitable style that is certain to provoke interest and command attention.*

Una danza tra evocazione e concretezza che disegna sculture dinamiche che catturano l'attenzione. La sinfonia del bianco e del nero, colori solidi, intensi e luminosi allo stesso tempo, esalta l'eccellenza dei materiali, componenti diverse per una qualità unica e inimitabile, oltre a un'armonia straordinaria alla vista e piacevolissima al tatto.

L'incastro perfetto tra bamboo e metallo è un'insolita sinfonia materica e naturale, un accostamento audace di colori e materiali che genera innovativi effetti geometrici, tattili e sensoriali. Combinazioni che amplificano l'effetto stupore e si inseriscono armonicamente in diversi contesti, grazie a finiture singolari, come nero opaco, bianco opaco, oro opaco, old dark inox. Stile unico che non passa inosservato, evocativo di un gusto identitario e indimenticabile che sa essere di ispirazione.

# VIRTUS

*The perfect union of natural bamboo and industrial metal with their bold colour pairings, conjure up innovative geometric and tactile sensations. Combinations such as matt black, matt white, matt gold or old dark inox, elevate the overall effect and can be integrated into a variety of settings. A unique style that is striking, unforgettable and gifted with the power to inspire.*

MBSATURNNOGD

Essenzialità geometrica che evoca atmosfere metropolitane. Legno e cemento dialogano in un'opera architettonica minimal che definisce lo spazio aumentato della tua sala da bagno. Colori neutri ispirati alla versatilità della natura trasmettono armonia fin nel più piccolo dettaglio, che va a definire in modo monolitico i top di questa linea. Il fascino materico dei componenti, dall'alta capacità narrativa, crea un effetto scenografico che veste lo spazio con un effetto urban, senza mai dimenticare la praticità per ottenere un look funzionale.

# AVENUE

*Clean-lined geometry evokes a metropolitan look and feel. Wood and cement are brought together in a minimalist yet practical way to define the complete bathroom look. Neutral tones inspired by nature promote harmony right down to the finest of detail while the architectural design and material choices infuse the space with an urban air.*

AVENUE  
**IMAI  
 THEMIS**

Spazi immensi e piccoli meandri vestiti di freddi e crudi materiali degli spazi suburbani e industriali ci hanno ispirato per includere ogni tipo di spazio e di materiale rendendolo accogliente e elegante sfatando austerità e esclusione. Una finitura cemento tattile in due tonalità universali con dettagli accattivanti che trasformano lo stile industrial in contemporary urban.

*The notion of wide open spaces and small winding paths set against cold, harsh suburban and industrial backdrops provided the impetus to embrace every type of space and material in an effort to create a warm and inviting bathroom environment. The result: a tactile two-tone cement finish with eye-catching detail which transforms clinical industrial into cool urban chic.*

# AVENUE HALLEY

L'importanza di vivere un'accoglienza unica.  
Una frenesia quotidiana del mondo esterno che non vuol vedere il tramonto ma che può essere frenata nel nostro mondo, dalle nostre cose, dai nostri ambienti. Così nasce l'esigenza di stimolare le emozioni che solo la natura può darci arricchendole di funzionalità e ricchezza visiva e tattile.

*The importance of experiencing a unique welcome.  
The frenetic pace of modern life where sunsets and other natural wonders are so easily overlooked, can be slowed down in our world, by our things and by our surrounds. From this conviction radiated the desire to create furniture designs which would offer functionality as stimulating our natural emotions and innate appreciation of beauty and excellence.*
